On Trial for Murder

William E. Brock, of Wetaskiwin, Tried for the Killing of J. B. Shockey in April Last

Jury Returns Verdict "Not Guilty, Through Insanity"

The trial of Wm. Brock on a charge of murdering J. B. Shockey took place on Wednesday morning before Judge Harvey and a jury composed of Messrs. J. R. Schantz, G. W. Wells, Ed. Hjelm, E. C. Roper, Aug Genz and R. B. Price.

The first witness examined was Walter Medbury, who swore that on April 9th Mrs Medbury and myself called for Mrs. Brock to go to the Salvation Army. As we all walked along we overtook J. B. Shockey opposite fire hall At the stairway of the new bank building Mr. Brock rushed up behind Mrs. Brock and myself and shot Shockey, at the same time saying "you will, will you; you will, will you." Brock shot before I could grab him, and Shockey started to run. Brock shot again, when Shockey threw up his hands and fell. Brock wrenched away from us and shot again while Shockey was lying on his face. A small revolver was used.

Cross-examined by Mr. Burgess the witness said he had seen Shockey about three weeks before the shooting. Shockey told party that he had a fight with a man the night before and might have to have another fight that night.

Mrs Medbury, sworn, said: Was at Brock's house about 7 o'clock on way to Army, overtook Shockey and he and I walked about. At the stairway of the new bank I heard a shot and the words "you will, will you." I looked around and saw gun in Brock's hand. Ran a short distance, then looked back and saw Brock standing over Shockey and heard him shoot. Did not go near Shockey afterwards.

Cross examined by Mr. Nolan, witness said Mrs. Brock is her aunt, was not well acquainted with Mr. Brock until this spring, did not know anything about Shockey but had met him before. Just as Shockey was telling about the fighting Brock came up behind, Sure I heard three shots. Mr. Medbury and myself went to barracks and called out the brothers and then went home.

Ed. Nunnelly, sworn, said that at about 7.30 on April 9th as I was in front of the Queen's Hotel I heard a shot and a scream. Mrs. Brock rushed around the corner shouting "he's killed, he's killed." Mrs. Brock went around the corner again but again she rushed back and grabbed me by the arm and said "catch Mr Brock; he's killed a man." I went around the corner and found man lying about three feet from sidewalk. I put my arms around him and he looked up at me, but said nothing. I sent boy for Sergt. Phillips and went for Dr. myself. Saw Brock about ten minutes after shooting at his house; went with Sergt. Phillips. Brock said he did not know what he was wanted for.

Cross-examined by Mr. Nolan, said he came here in 1894 as a policeman. Think Brock and wife came here in 1901. Brock appeared quite cool. Think Brock at times is considered insane.

Dr. Robertson, sworn, said he was in his home when shots were fired and came down stairs. Could not feel pulse beating. It being dark went back for light when I found man was dead. Examined next morning as coroner and found bullet hole in ear, one in leg and one in back. The bullet in back entered just below right shoulder blade, passed through the heart and caused instant death.

Etna Brock, son of prisoner, said his father left the house a few minutes after Mr. and Mrs. Medbury and his mother and was away about half an hour. When he came back he kissed me and I asked him if I could sleep with him and he gave his consent.

Cross-examined by Mr. Nolan, witness said that Shockey had been around the house and did things displeasing to his father.

A. W. Anderson, sworn, said that Brock had been at the fire hall in March.

H. D. Mills, J. P., sworn, said that Brock came to him and wanted Shockey ordered from the house, but we thought we had no power to act.

Cross-examined by Mr. Burgess, the witness stated that Brock had told him that Shockey used to comb Mrs Brock's hair, and he (Brock) wanted Shockey kept away from the house.

This concluded the evidence for the prosecution. Mrs. Brock was then placed in the box to give evidence in defence of her husband. She swore that she had married Brock 14 years ago. He had been treated for insanity prior to coming to Canada and his mother had died in an insane asylum. He has had several bad fits of insanity since coming to Canada, and had an exceptionally bad one about two years ago when he was taken to Calgary for examination as to his sanity. Was afraid of Brock during these fits, and I asked Shockey to stay in the house against the wishes of Brock on that account. Shockey lived at High River for a time and I corresponded with him. I also loaned him money when he was in need

Being cross-examined by Mr. Henwood, Mrs. Brock said that her husband was jealous of Shockey.

This concluded the evidence, and Mr. Nolan proceeded to address the jury, making an eloquent appeal for the life of the prisoner, who could not have been in his sound mind when he took the life of his fellow man in such a deliberate and cool manner.

Mr. Henwood, crown prosecutor, then addressed the jury, reviewing the evidence in detail, pointing out that the prisoner was a dangerous man in the community, and should not be allowed to remain at large, if the jury could not bring in a verdict of wilful murder.

The Judge in charging the jury also reviewed the case in detail, and explained what was required of them. The jury after a deliberation of about two hours brought in a verdict of "Not Guilty, through insanity."

Mr. C. J. Shermack, secretary and treasurer of the New Salem school district, was a caller at The Times office on Wednesday. Mr. Shermack stated that wheat on his farm, three miles south of Camrose was over 18 inches high and heading out nicely, and that throughout the whole of his district the prospects for a record crop were never better.

One of the best games of the season was played on Friday evening last, between Red Deer and the Maroons. The score stood 1-1 at the end of the ninth, but play had to cease on account of darkness. The Wetaskiwin score was made by Martin in the first, he taking the initial bag on a dead ball, Dahl landed a two bagger, and L. Murray singled. The visitors received their run in the second, errors by Dahl and Richards giving them the score. Stokes pitched the first seven innings, and struck out 5. Pittman finished the game, striking out 4. Moore the Red Deer twirler had 10 strike outs to his credit. Cook of Red Deer was umpire.

The Wetaskiwin Maroons are making a good showing in the Edmonton tournament this week, in the first game against Edmonton they shut the Capitals out, the score being 7-0. Stokes was in the box. In the second game they were pitted against the Calgary professionals, and held them to a tie in seven innings, the score being 4-4. Two runs were given Calgary in one innings through an error caused by darkness. The third game will be played against Calgary tonight.

Meeting Creek Ripples

(For last week)

Plenty of rain just now, we've had a shower every day at 4 p. m. for a week.

Ole Haugen surprised this neighborhood last week, when he came from Wetaskiwin with a wife. It's a shame he didn't let us know before hand so we could have been ready with the music, nevertheless we wish you happiness and success Ole.

Some of the neighbors say their having a dickens of a time keeping track of Oium & Camfield lately. Never mind they'll turn up when needed.

Albert Tellman was in Wetaskiwin for barb wire, well but he did'nt get it.

The Westeyard Bros. did a little freighting for our merchant last week, said the roads are a fright.

Nick Stenlan and Albert Tellman expects to start for B. C. the 27th June.

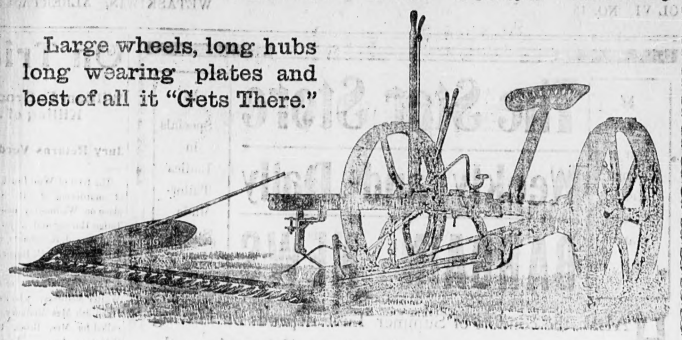

Oscar Oberg and a lady just lately from Sweden were married the 17th. Congratulations from this corner.

Camfield & Tellman had their engine hooked to Oium's feed chopper for three days last week.

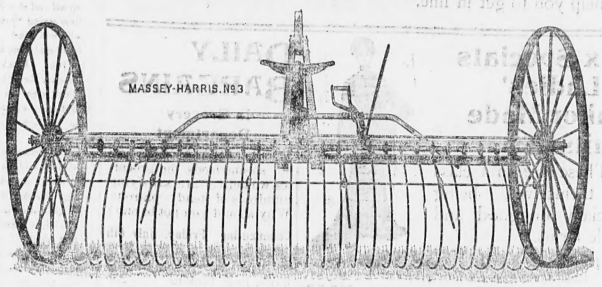

It begins to look as though we were living in an up-to-date farming community the way people are fencing. It matters not which way one goes if on the old trail it's blocked with a fence and we say good. Fence your farm square up that crooked field, trim the trees and cut the dead brush around your buildings, ditch your sloughs, there's now and then a day or a few hours on a farm that will never be spent better than slicking up our yards and it all helps to make life worth living.

Rosenroll

A joyous and happy event took place at the residence of Clark Hoover, Rosenroll, on Tuesday evening, June 20th. It was the occasion of the marriage of his niece, Miss Eleanor Edna M. Auld, to Rev. Jas. R. Earle, B. A. Miss Auld had just arrived from Winnipeg, where her parents reside, and where she has been an active Christian worker in connection with Maryland Street Methodist Church. Rev. J. R. Earle has just graduated from Wesley College, Winnipeg, and was ordained at Edmonton on Sunday, June 17th. He has been stationed at Penhold by the recent Conference.

The wedding ceremony was performed by Rev. R. E. Finlay, chairman of the district, in the midst of a large number of guests. The happy couple stood under a beautiful arch arranged on the lawn. The bride wore a dress of white cream silk and carried a bouquet of white flowers. The popularity of the bride was attested by the many beautiful presents that she received. After the ceremony a sumptuous tea was served. Besides the neighbors present, we noted the following guests who came from a great distance: Mr. Harry Foucar and Mr. Patterson from Camrose, Misses Mackenzie and Van Patton from Skafse, and Mr. and Mrs. Fred. Richards and Mrs. Wm. Fowler from Strathcona.

Many were the expressions of felicity tendered the young couple, who have gone to Penhold to reside.

That big feed door—

Easy to feed this right furnace,—rough wood, big coal, anything it ought to burn, —door's made extra size for just such cheap fuel. Ash pit is easy to clean out, won't get choked every few hours—always ample draft space under grates.

that deep ash-pit

Easiest grate to repair you ever saw—and needs less repairs

Oxford Warm air Furnace

burns any fuel

Doors made to fit tight—gas and dust proof. Made, too, with hinges that won't sag, latches that won't break, —doors made slam-proof, almost 'fool-proof.' Everything about this right furnace is common sense and experience—built specially to suit Northwest needs. You know no furnace that costs so little to run. That's because combustion is perfect,—the grate bars assure that. Heats up quick, because fire travel is all one way. Heats most, because fire-walls are corrugated.

A BAD CASE OF KIDNEY TROUBLE CURED BY DOAN'S KIDNEY PILLS.

Kidney Troubles, no matter of what kind or what stage of the disease, can be quickly and permanently cured by the use of these wonderful pills. Mr. Joseph Leland, Alma, N.W.T., recommends them to all kidney trouble sufferers, when he says:—I was troubled with dull headaches, had frightful dreams, terrible pains in my legs and a frequent desire to urinate. Noticing DOAN'S KIDNEY PILLS recommended for just such annoyances as mine, it occurred to me to give them a trial, so I procured a box of them, and was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to all kidney trouble sufferers.

Price 50c. per box, or 3 for $1.25; all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Daysland

A quiet wedding took place at Daysland, on Monday, June 25th, at 3 P.M. in the Methodist church The contracting parties were John Peter Nelson and Alma Larson both of Sedgewick, Alta. The ceremony was performed by the pastor, R. E. Finlay in the presence of a few witnesses. After the ceremony the young couple repaired to their new home about 18 miles north of Daysland.

Daysland is steadily advancing in growth. While the rush of immigration is over, still a few settlers continue to arrive.

A pleasant and happy event took place at the residence of Mr. Hans Owre, near Daysland, last Wednesday. It was the occasion of the marriage of his daughter, Edith, to Mr. Charles Gammond. The ceremony took place at 8 p m. in the edge of the grove at the home, under a canopy of white muslin mingled with the green boughs, forming an arch. Rev. R. E. Finlay, of Daysland, performed the ceremony. Mr. Gammond has a homestead north of Sedgewick and a house at Sedgewick where he will reside prior to going on his homestead. The bride is a very popular young lady of sterling Christian worth and will be much mened from the community.

Mr. W. E. Day's new residence will be a credit to Daysland when completed. It is the finest house east of Wetaskiwin and we doubt if any residence in Wetaskiwin will surpass it in equipment.

Messrs. W. E. Day, H. Bentley and Roland Vanderburg are attending the Provincial Fair at the capital this week.

An old man by the name of Allan McLean died here a few days ago. He had lately come from New Brunswick.

N. E. Earling

We don't mean to agitate the Silver Creek reporter, nor anyone else, but the people who were supposed to have attended the revival were what we call "off age." If any of Earling young folks go to Silver Creek they will surely be noticed.

C. Heilekson and C. Fednes gave their many friends a very pleasing dance last Friday. These gentlemen recently returned from the States. A large crowd was in attendance and everybody enjoyed it to a great extent. The music was exceedingly sweet. This was furnished by Messrs. C Fednes (mandolin) and Kepparg (violin).

Messrs. Bjerkseth purchased a steam threshing rig. These gentlemen are both experienced at this work and will without any doubt make a success of it.

The Sewing Circle will give an ice cream picnic some time in July, the exact date being yet unknown.

Road work is all done and the boys are enjoying a week of good rest. They worked too hard, they said.

Herman Sukut, of Sidgerwood, N. Dakota, was looking for a location last week. He returned to Bawlf with a view to buying a half section of "the good man's land."

A very heavy rain shower occurred here on Thursday evening.

The Sewing Circle met with Mrs. H. Stensrud on Thursday. They will meet at Mrs. Sandrik's next time.

Department of Agriculture at the Fairs.

The Department of Agriculture has adopted a novel scheme of assisting the various exhibitions throughout the province and of presenting instruction along certain lines.

It will have a large tent at the Wetaskiwin Exhibition on July 19 containing a working dairy where demonstrations will be given illustrating the principles underlying the operation of the cream separator and the churning and working of butter. Dairy demonstrations will be given so that everyone wishing to become acquainted with dairy work may have an opportunity to do so. Anyone having difficulties which they have met with in running a separator or in churning should come prepared to obtain enlightenment.

The Department will also have an exhibit of noxious and other weeds and samples of a number of the most troublesome weeds in various stages of growth so that one may easily learn to recognize them. This exhibit will be in charge of the chief weed inspector and anyone having samples of weeds which he desires to have identified should bring them to the weed tent.

In another part of the tent a poultry expert will have present a crate for fattening poultry and other profitable appliances which should be used in poultry raising. He will also have plans of model poultry houses and charts illustrating many facts in connection with the poultry industry This should be a most important exhibit as there is no finer country in the world for raising poultry than richt here in Alberta. This work will be in charge of A. W. Foley of Bowmanville, Ontario, who has had charge for years of one of the Dominion Government Poultry fattening and breeding stations.

Another novel feature of the Departments exhibit will be demonstrations in cooking which will be given by Miss Edith G. Charlton of the Buffalo public schools. Daily demonstrations will be given illustrating the principles underlying the cooking of the common things we eat. Ladies should be especially interested in this and are cordially invited to attend the demonstrations.

These demonstrations will be of an instructive character and all should aim to spend some time at the Department's tent, meet the officials in charge and learn of the work the Department is trying to do to improve and advance farm work and farm life in this province.

Crooked Lake

A basket sociable will be held at the residence of James Jensen on sec. 32, tp. 46, rge. 22, two miles northeast of Rodberg store, on Saturday, July 14th, at 12 o'clock. Ice cream and lemonade will be served and the Crooked Lake band will play in the afternoon. Everybody is cordially invited and a good time is expected.

Sunshine Furnace

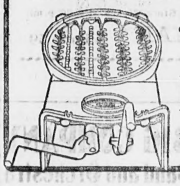

The "Sunshine" furnace and "sunny" ways are synonymous.

The cold, dreary winter days can be made cheery and warm with a pure, healthful heat if you have a "Sunshine" furnace.

Is easier to operate, cleaner, uses less fuel and "shines" in many other ways over common furnaces.

Two shakers are used to make the heavy, triangular-shaped grates. This just suits the work of shaking down in half, besides being easier on the furnace than the old one-shaker style.

Sold by enterprising dealers everywhere.

Dried Meat Lake

O. A. Knapp is plastering his house this week. J. F. Jones is doing the work for him.

Edna Jones and Madeline Allen have an attack of measles.

The members of the Dried Meat Lake church met at Mrs. Thorntons last Wednesday evening to practice music for the program at the picnic at Zion.

A large deer was seen by Mr. Thornton near the H. H. Rowe's place last Monday morning. It is the first one that has been seen in these parts for quite a few years

Mr. Thornton and Jas. Douglas went down to the former's homestead last Monday. They expect to be gone a few weeks.

Will Tone has been sick for a few days with the asthma.

Wm. Fargnson and Ambie Mallett were in Wetaskiwin Tuesday and Wednesday.

Miss Mae Cole is expected home this week. She will stay until after the picnic Monday.

Miss Lizzie Jones returned from Mr. Bradbury's Saturday evening.

Mr. Bradbury has brought his saw mill up here and intends to do some sawing up this way.

Motor Vehicle License.

The attention of all owners of motor vehicles in the province is directed to the provisions of an act of the Legislative Assembly of Alberta, passed at the recent session, dealing with the operation of motor vehicles on public highways. Under the provisions of the act in question it is necessary for the owner of every motor vehicle to apply to the Provincial Secretary for a license to operate the same. It is also necessary to have the number of such license attached to the vehicle upon the back of the same, in figures not less than five inches in height, the number should also be plainly exposed on any lamps attached to the machine. All applications for licenses should be addressed to the Honorable the Provincial Secretary, Edmonton, Alberta, and should give the following particulars, name and address of the applicant, name of the manufacturer of the vehicle for which the license is intended to cover, number of horse power and the makers number, if any. A fee of $3. must accompany each application for license.

South Pigeon Lake

Another new store has been placed at the south end of the lake by Mr. McCrae. He should do a good business there.

On Dominion Day a religious meeting was held on Pigeon Hill in the shade of the trees by Messrs J. M. Nelson and John Berg. Some preachers who are supported by some society do not seem to be able to do much in a new settlement like this, but these preachers who are doing donation work for the cause, seem to do well. A congregation of between thirty and forty came out and went home happy and glad, travelling by team and boat.

Mr. Rowley, of the N. W. Lumber Company, has got his great mill finished and is sawing to its utmost capacity. He intends building a tugboat to be in running order this summer.

Bowel Troubles of Childhood

It is impossible to exaggerate the value of FRUIT-A-TIVES as a medicine for children. They contain no alcohol — no morphine or cocaine—no dangerous drugs of any kind.

Fruit-a-tives are fruit juices—concentrated and combined with the most valuable tonics and internal antiseptics known to medicine.

Fruit-a-tives are free of calomel, cascara, senna and the host of violent purgatives that simply act by irritating the bowels. Fruit-a-tives are made from fruit and tonics and are pleasant to take, and so mild in their action that they never gripe or pain.

During the summer, when children are so apt to eat improperly, mothers should have a box of Fruit-a-tives always handy.

At the first sign of Diarrhoea, Indigestion, Headaches, Biliousness, Peevishness, Vomiting—give Fruit-a-tives according to directions. These splendid fruit liver tablets will instantly correct faulty digestion—clean and sweeten the stomach—regulate the bowels, kidneys and skin—and so invigorate and strengthen the whole system, that the little ones can quickly throw off the temporary illness.

Get a box now—to-day. 50c. a box or 6 for $2.50 Sent on receipt of price, if your druggist does not handle them.

A Great Act

A great act is that done by Count DeRobeo on a unicycle and he will be here with Frak Mahara's Minstrels on July 19th. This is Count DeRobeo's first appearance in America and although he has many imitators he has never had an equal in his line. Manager Fronk Mahara has added many new and novel features to his popular organization since last season and, judging from the flattering press comments on the show wherever it has appeared, he must have a wonder of a show and it is expected that the Opera House will be filled to the doors on the night of his appearance here. Mahara's concert band will give a parade at noon and a concert in front of the Opera House at 7.30 p. m. 2t
